Profile

I am a self inspiring future front end developer. Trying to find my place in this world doing what I love to do . Which is creating projects to be proud of.

Education

Web Application Development Certification - Ivy Tech Community College, 3501 N First Ave, Evansville, IN 47710

10 2020 - Current Current

I am currently in the process to acquiring a certification . To help push me into learning more in the process of continuing my carrier path.

Projects

Rainbow Keyboard

I made a function keyboard with the skills I have learned.
CSS CSS Animations SCSS HTML5 Javascript

News Website

I created the critical framework of a website for articles parting to such things that could be used for a function part of a News Website .
Css Scss HTML5 JavaScript

More Projects
